Each time a revision is submitted the **Certification** tab should be updated with new signatures and dates.

Background

GASBS No. 34 requires a Government-wide Statement of Net Assets and Statement of Activities to be prepared on the economic resources measurement focus and full accrual basis of accounting. As such, each agency must analyze and list any other accruals after August 31, 2008. An example of this would be accounts payable. **Agencies need not list any accruals between July 1, 2008 and August 31, 2008 because DOA can retrieve that information through the “P” and “N” voucher process. In addition, if information has been included in any other directive submission, it should not be listed in this attachment.**

Note: As referred to in the year-end closing instructions for processes of “P” and “N” type transactions using only one voucher (typically to process small purchase charge card bills with transactions that cross fiscal years), the cumulative impact of not separating these “P” and “N” transactions should be monitored and reported to DOA if it becomes significant.

**Additional
consideration**

In analyzing expenditures that should be accrued (like payables) after August 31, 2008, each agency must consider whether those expenditures are exchange or nonexchange transactions. For nonexchange transactions, follow guidelines in **GASBS No. 33** and **GASBS No. 36**. See also the **GASBS No. 33 – Nonexchange Transactions Overview** section in this Directive.

Exclusions

Prepayments should not be included on this Attachment. Prepayments should be included on **Attachment 21, Schedule of Prepayments as of June 30**.
